DEC 04 2002

Dear Commissioners :

I am concerned regarding possible changes to the regulations concerning media ownership.

Allowing the control of our media to be concentrated under the direction of only a few large entities is not in the best interests of the people. As it is, I find it difficult to get local news and diversified coverage. I keep seeing the same coverage and opinions expressed !

If anything, please consider strengthening the regulations that support media diversity, rather than weakening them. Without choices, we will only hear limited opinions. We set ourselves up to receive slanted news.

The FCC was set up to benefit the public, so please work hard to see that the benefit does not get shifted from the public to a select few broad-coverage media entities.

Thanks for your time.....
